Continuation of Substance of Interview including description of the general nature of what was discussed: applicant's rep. agrees to incorporate the limitations of claim 2 into claim 1 and the limitations of claim 11 into claim 9, as the applicant's admitted prior art teaches the base station modem and the combiner limitations, recited in claims 1 and 9. Such a prior art when combine with previously applied prior art would invalide claim 1 and 9. Hence such amendment is necessary to overcome a art rejection so as to advance prosecution. Other minor changes are also made to the other claims .
